WHAT MAKES OUR FURNITURE SPECIAL?

TONGUE AND GROOVE JOINTING

All the solid backs and bases are assembled with a tongue and groove joint with multiple cam fix points. This creates exceptional strength and durability, particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top.

SOLID VANITY BACK

At Timberline we always use a full 16mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 3mm paper lined MDF back.

SOFT-CLOSE HINGES

Only the best European fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span. All hinges include built in soft-close mechanisms.

CONSTRUCTION BRACKETS

Specially designed internal brackets make a neat and strong finish which is much, much stronger than ugly staple blocks.

MOISTURE RESISTANT BOARD

All our cabinets are manufactured with Moisture Resistant (MR) Board. This gives you the best protection against swelling and other moisture damage.

All our board is sourced from responsible, certified suppliers, and is either "E0" or "E1" low formaldehyde eco-friendly product.

DURABLE EDGING

The edging on our woodgrain cabinets is a strong ABS with matching grain. This means you will get years of durable service from your new woodgrain cabinet.

TOPS & SOLID SURFACE

What really is the difference between our various vanity top options? Which is better? See the pros and cons below. It all comes down to your personal choice... that's why we have them all.

Note: 900 Offset, 1200 Offset, and 1200 Dbl available with 1 or 3 TH only.

MATT & GLOSS DOLOMITE VANITY TOPS

Dolomite vanity tops are made up of mineral composite and showcase elegance & sophistication. Dolomite, being the main ingredient, is composed of calcium magnesium carbonate. Rocks containing this raw material are sourced from selected certified mines in the EU and brought to you in these stunning pieces, finished with either elegant, smooth matt or gloss surface.

- ✓ Clean crisp lines for easy cleaning
- ✓ Durable & very strong
- ✓ 5 year warranty
- ✓ Heat resistant
- ✗ Surface can scratch if not treated with care
- ✗ Limited range of sizes

SILKSURFACE

SilkSurface is a high performance 20mm acrylic solid surface. Manufactured using a special multi-process technique - these solid surfaces have a beautiful blend of colours with a realistic granite appearance.

- ✓ Non-porous
- ✓ Very easy to repair if scratched
- ✓ Good stain resistance
- ✓ Crack and chip resistant
- ✓ Can be drilled on site with normal wood holesaw
- ✓ 10 year warranty
- ✗ Scratches easier than Caesarstone
- ✗ Doesn't have the natural stone 'cold' feel

CAESARSTONE®

Caesarstone® is a 20mm thick engineered stone product that has all the timeless beauty of natural stone. The durable surface is easy to clean. Manufactured with 93% natural quartz, they make a practical and hard wearing surface.

- ✓ Scratch resistant
- ✓ Very 'natural' appearance
- ✓ Heat resistant
- ✓ 'Cold' to touch like real stone
- ✓ 10 year warranty
- ✗ Susceptible to chipping
- ✗ Can crack with impact
- ✗ Repair is not possible once damaged

Note: Due to the manufacturing process ceramic tops may vary from their nominal stated sizes. Use the dimensions provided as a guide only. Due to this ceramic tops are not recommended for wall to wall installations.

CABINET LEG COLLECTION

If your chosen vanity or tallboy is mounted on legs, you can select from these options below.

SilkSurface™ 20mm SOLID SURFACE COLLECTION

SilkSurface is the right choice for enduring beauty. Manufactured using a special multi-process technique, these solid surfaces have a beautiful blend of colours with a realistic natural appearance. Tops made from our SilkSurface range are high performance 20mm acrylic solid surfaces.

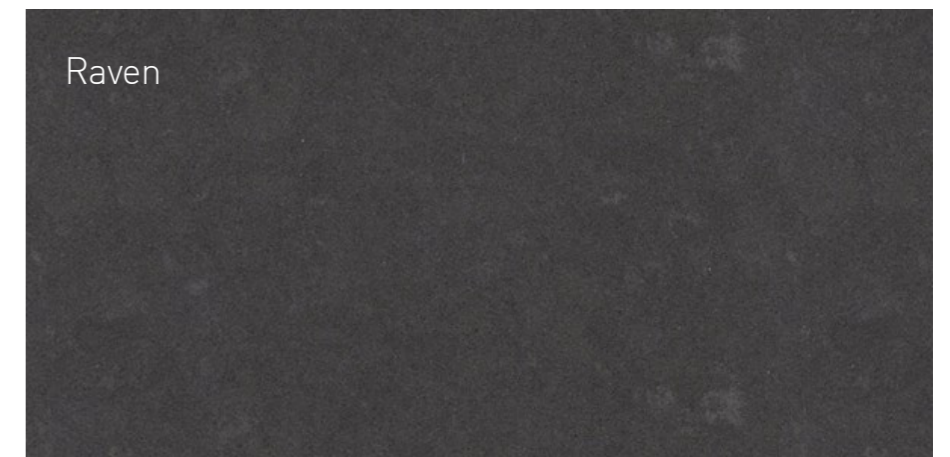

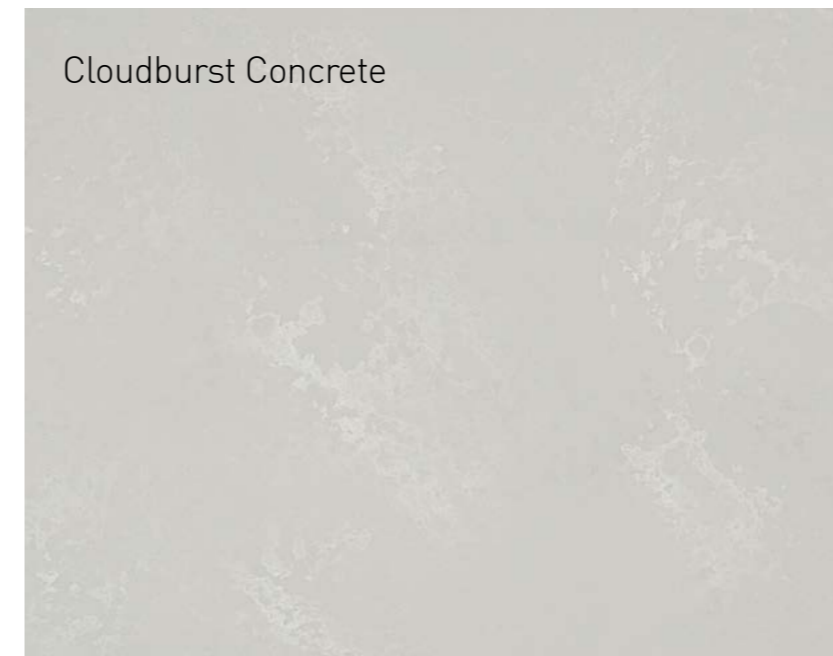

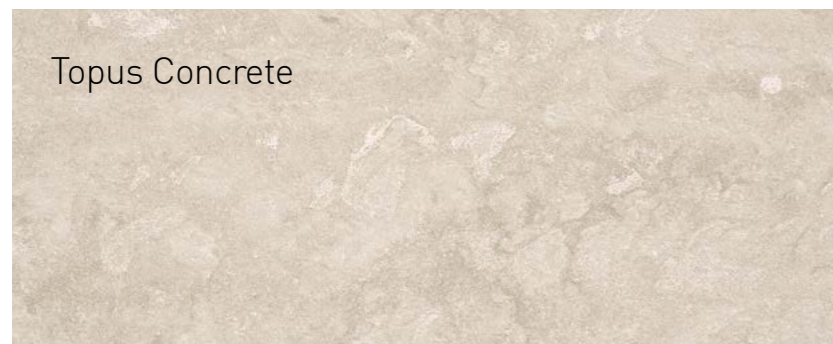

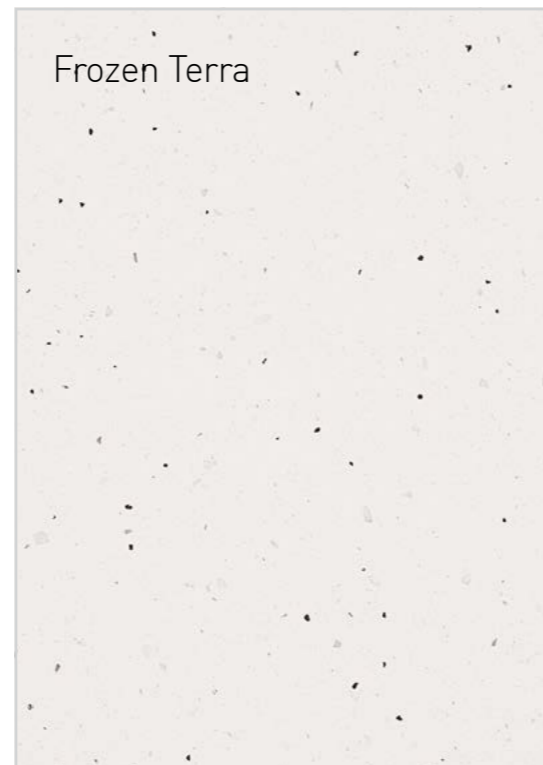

SilkSurface may be substituted for equivalent colours if required.

SilkSurface is manmade slab with an acrylic resin base. As each slab is individual, natural variation in graining and colouring is to be expected. While the colours in this brochure are to the highest standard in printing, it should only be used as an indication of actual product design. Please visit your local showroom to view larger samples.

caesarstone® 20mm COLLECTION

A classic and natural look! Caesarstone® is a 20mm thick engineered stone product has all the timeless beauty of natural stone. Manufactured with 93% natural quartz the durable surface is a practical, easy to clean, hard wearing option.

Note: While the colours below are our core range, we can access any of the Caesarstone 'Classico' 20mm range for the same price, with the exception of the 'Super Natural ULTRA' colours.

Caesarstone may be substituted for equivalent colours if required.

Caesarstone is made from natural quartz and therefore some variation on colour and aggregate may occur. While the colours in this brochure are to the highest standard in printing, it should only be used as an indication of actual product design. We always recommend making a final colour selection by viewing displays of larger panels in your nearest Caesarstone or kitchen retail showroom to appreciate the movement of the design over a large surface.
