Product Information

WHY CHOOSE

ADP TAPWARE

Bronx Basin Mixer Matte Black & Brushed Nickel

As a family owned Australian business, we've come a long way since our humble beginnings in 2001. ADP is proud to be in the homes of many Australians, creating functional and timeless bathrooms and laundries.

ADP tapware products are Watermark Certified, WELS registered, and comply with all relevant Australian plumbing standards.

Quality you can trust. ADP Tapware cartridges come with a 15 year warranty, so that you can use your tap with confidence. For a full list of warranties, see page 67.

After many years of designing bathroom furniture, we've used this knowledge and experience to build a tapware collection that pairs perfectly with vanities and basins.

Have questions? Our friendly customer service team are here to help. We have ADP Sales Representatives across the country, meaning that support is only ever a phone call away.

Care & Maintenance

Please do

Wipe, Rinse, Dry

Keep it simple for everyday cleaning.

Wipe gently with a warm soapy damp cloth or sponge, using a mild detergent.

Rinse off with clean water.

Dry with a soft towel or microfiber cloth for an impeccable finish!

For best results

For a deeper clean, be sure to regularly clean and remove limescale (that yucky white stuff that sometimes builds up).

Apply a small amount of non-abrasive polish to a soft cloth and wipe to remove build up. Finish by completely wiping off the polish with a soft and clean, lint-free cloth.

We find a solution of 50:50 white vinegar and water also works wonders! Simply wipe with a soft cloth, rinse immediately and towel dry.

Please don't

Avoid, Caution, Just Don't

Do not use any chemical cleaners. They contain nasty ingredients that can react and corrode the materials of the product.

Do not use 'Organic' or 'Natural' cleaning products as they often contain high concentrates of citric or lactic acid and limonene which may be harmful to the materials of the product.

Do not use abrasive cleaners, this can be damaging to the surface of your product.

Do not use abrasive cloths, scrubbing brush or scourer to clean, this can scratch the surface of your products.

Some more important stuff

Here is a list of ingredients to definitely avoid using:

Hydrochloric acid, formic acid, phosphorous acid, ammonium hydroxide, ethanol, benzene based ingredients or lactic acids and limonene (often found in natural cleaning products).

Residues of toiletries such as liquid soaps, shampoos and shower gels, hair dyes, perfumes, aftershave and nail varnish can also cause damage. Carefully rinse with water after use to remove residues. Likewise, do not store any cleaning agents or chemicals under the products, for example in a vanity unit, as the vapors may damage the products.

Plated tapware & accessories

Gold and Rose Gold plated products should always be cleaned with care using a soft dry cloth or a soft cloth with warm soapy water.

Product Information

Pressure Rating	Maximum: 73 psi/500 kpa (AS3500 pressure must be limited to 500 kpa and tapware fitted with flow restrictors limited to 500 kpa) Recommended: 350-500 kpa
Temperature Rating	Maximum: 70°C Minimum: 1°C
Warranty	Cartridge - 15 years Body - 7 year warranty against manufacturing faults and flaking. Ritz finishes - 1 year warranty against faults and flaking. Parts and labour - 2 years Commercial use - 1 year Accessories - 7 years
Pex	All ADP basin and sink mixers include hot and cold PEX core (Cross-Linked Polyethylene) stainless steel hoses. PEX hoses are superior quality, increasing durability as well as flexibility. PEX hoses will not break down or contaminate your drinking water and are resistant to chemicals such as chlorine.
Durable Finishes	Available in a range of durable finishes with increased resistance to scratch marks, abrasions and heat. Please refer to www.adpaustralia.com.au for care and maintenance instructions.
DZR Brass	All ADP tapware is made from certified dezincification resistant (DZR) brass consistent with the industry standards for applications with high water temperatures or chlorides present.
Extended Copper Pipes	All ADP basin mixers come with extended copper pipes. These pipes extend below the base of the mixer allowing for easier installation of PEX hoses and maintenance.

PRICES SHOWN ARE TO BE USED AS A GUIDE ONLY

Please consult with store for confirmation. Delivery fees may apply. Price Guide for the period ending 1st March 2022. GST inclusive.
